

Have you ever wanted a deeper understanding of racial diversity or religious inclusion?

Then Ron Jones can give you some insight. As a guest at one of our monthly 'Cocktails and Conversations.' Ron enlightened us on his background and what it's like growing up black in "white America." Ron had a profound understanding of racial dialogue and adds a comedic twist for entertainment. As a group of young Jewish adults, we were able to connect with the feelings of being a minority, but Mr. Jones' topic of discussion made it that much more meaningful.

The dialogue that Ron brings to discussions is uplifting and lighthearted, yet meaningful and enlightening. I encourage any group or organization to bring in Ron Jones, they won't be disappointed.

Sincerely,

J Zachary Spooner, Young Jewish Omaha
