

Dear Ron,

On behalf of the Unity Council and campus partners at Cal Maritime who were involved with your visit to campus, I want to send a tremendous THANK YOU for the wonderful “Get Out Of Your Bubble!” presentation and uplifting spirit you shared with our incoming cadets.

I personally enjoyed the presentation, as I know others did, including students who’ve reported both enjoyment and increased awareness of the very issues of diversity we want to bring to their attention.

The Unity Council looks forward to building on the momentum and energy you brought to campus to make positive changes in our community.

Thank you again!
